Affidavit

I, undersigned Henri Duong, inventor of Application no. 10/725,226 filing date: 12/01/2003, reside at 316 1/2 E. Glendon way, Alhambra, CA-91801.

My new elements of evidence are added to the invention based on the fact that

- the new elements are discovered after the application was filed,
- the invention is imperfect both in technical and safety field if the new elements are missing,
- the invention will lose certain value of protection if the new elements are missing,

I hereby confirm under oath that information of my affidavit is true and acknowledge a patent is used for protection of an invention.

Very truly,

Henri Duong
